Barristers

BBA, 2001, Baylor
University

ADMITTED

Texas 2004

Shae's practice includes various civil litigation issues, with a focus on the defense of health care liability claims, including claims regarding alleged physician malpractice, nursing negligence and negligence against allied health care professionals. Shae also has experience representing health care institutions, physicians, nurses and other health care providers in disciplinary actions before their respective licensing boards. Shae's practice also includes defending products liability, premises liability, and toxic tort cases involving personal injury and wrongful death. Shae serves as an adjunct professor at the University of Houston Clear Lake where she teaches "Legal Dimensions of Healthcare Administration."

REPRESENTATIVE EXPERIENCE

- Defense verdict in jury trial representing anesthesiologist accused of administering excessive amounts of blood pressure medication to patient during surgery to repair cheekbone fracture, resulting in cardiopulmonary arrest, brain damage and eventual death of 34-year-old female patient.
